

# 6th IEC Young Professionals workshop

**12 –14 October 2015 Minsk, Belarus**

---

## **Why attend?**

Only annual workshop dedicated to the next generation of experts providing a holistic understanding of the standardization and conformity assessment work of the IEC

Benefit from exceptional networking opportunities with >1000 international key players

Experience an IEC General Meeting: a key annual event that brings together the IEC technical and the management community; build knowledge and expand professional contacts

See how International Standards are managed and developed through the opportunity to attend management and technical meetings

Participate in interactive sessions and events where you can exchange with peers and have your voice heard – the outcomes are reported to IEC management

---

---

## Benefits for your company

- Be ahead of the technology curve in your field
- Help to ensure technology transfer
- Foster a culture of innovation
- Cultivate long-term involvement in the international arena

.....

## Are you...

A young and dynamic manager, engineer or technician aged from early 20s to mid-30s?

Experienced in working with or developing standards or conformity assessment schemes?

Working for a company, business or industry that uses or benefits from standards?

Wanting to become more involved in IEC related activities?

.....

## What to expect?

"It was a really valuable experience and I got a great overview on IEC and lot of new contacts during these days."

**Esa Niemelä, Finland**

"I'm really grateful to be able to participate in the year's IEC Young Professionals workshop. What I found extremely valuable were the many opportunities to network with IEC experts as well as other Young Professionals. I found many like-minded friends also working in the same industry as me."

**Zijuan Lian, Singapore**

.....

## How to register

Contact your National Committee for details of the selection process in your country.
